It was a dark and stormy day in the Bay on Saturday, but that didn't keep the witches away. "The (ninth annual) Witches Walk, despite the weather, was another huge event for Old Town Bay St. Louis," organizer Yuki Northington said. "We estimate that we had 400 witches in attendance and had tons of positive feedback. My first phone call of the day was someone asking me what the date was for 2023 so that they could

Third annual Constance Cares for Cancer Parade rolls through Bay-Waveland

The third annual Constance Cares for Cancer parade rolled through Bay St. Louis and Waveland on Oct. 22.

Through the non-profit, founder and Waveland-native Michael Joseph provides financial support for local families battling cancer. The non-profit is dedicated to the memory of

his mother, Constance Joseph of Waveland, who passed away in 2012 from colon cancer. However, Joseph, who is now a real estate agent in Houston, Texas, vowed that, once

he found his own success, he would return to his hometown and give back. Its mission is to “provide people with the proper tools and resources needed to help educate, fight, and understand how the body reacts to cancer. We understand the mental, physical, spiritual, and financial strain it takes on a person and their family and the best way to ensure we do not allow history to repeat itself is through education,” the website states.

This year’s parade began at the Washington St. Pier in Bay St. Louis and traveled down Beach Boulevard to Gulfside Assembly in Waveland, where a health and community fair was held.

The festivities began earlier that morning, about 4:30 a.m., when Joseph’s childhood friend Dwayne Muhammad — who also lost his mother to cancer — rode his bike from New Orleans to Waveland. The Bay Rollers Cycling Club also participated in the parade. Cheryl Thompson, executive director for Gulfside Assembly, and Althea Belton, community outreach coordinator for Gulfside Assembly, organized the fair. Thompson, who is a nurse by profession, said that it felt appropriate to have a health fair connected to the parade. “I feel very strongly about education and that’s why we have the health fair,” she said. Coast Family Health, The Sickle Cell Foundation, Waveland Library and Aetna participated on Saturday. Thompson also had her booth, “Speak Up.” “It’s talking with people about advocating for themselves as consumers of health care,” she said. Joseph thanked all the community non-profits which helped prepare for the event. He also awarded plaques to Cheryl Thompson, Janita Cole, and Linda Marie for their numerous contributions to the community and the Constance Cares for Cancer event. This year, instead of donating the proceeds from the fundraising di-

rectly to families, Joseph shifted the focus to organizations in the community that provide direct assistance to people in need. Those include: Gulfside Assembly. Visit www.gulfsideassembly.org. The Krewe of Diamondhead held their annual cocktail party recently in the Ballroom of the Diamondhead Country Club.

Everyone was dressed in their fantastic cocktail attire as they eagerly awaited the announcement of the court elect for 2023 Mardi Gras season. The room was decorated with black and white lanterns that adorned the ceiling along with playing cards and dice which were a nod at the upcoming Mardi Gras theme. Guest mingled and enjoyed hors d’oeuvres and music by Anderson Domingues.

President Jeff Hardesty welcomed members for the evening’s festivities and introduced the reigning court. Joining President Hardesty at the front of the stage were Maid Stephanie Jensen, Duke Doug and Maid Betty Maxwell, Duke Rick Sierveld and Maid Pam Hense, Duke Sid and Mary Mizell and Ali’I Honua the 47th, Joe Doyle and his

Queen, Cheryl Doyle. They were thanked for their continued reign before taking their seats.

President Hardesty then turned the mic over to Captain Ricky Shepard, who had the pleasure of introducing the 2023 Court Elect. Members of the court elect joining the Captain at the stage were, Dukes and Maids Elect David Ciolino, June Curtin, Craig and Lalet Harvey, Darryl and Judy Davis, Randy and Marci Rogers and King Elect Hoppy Smith and Queen Elect Suzy Smith.

After their introduction, the court elect toasted the Krewe with their martinis that were shaken and not stirred. The evening continued with music and dancing as members of the krewe partied the night away.

This new season will be one not to miss, with the upcoming coronation ball, Mardi Gras ball and Mardi Gras parade. The fun is just beginning. There is a limited number of memberships still available to the Krewe of Diamondhead. Contact our Membership Director, Gina Newman gina.hendricks@hotmail.com, so you don’t miss all the fun.

book a house. It just gets better and better every year.”

Northington -- who organized the Walk along with Kay Kell and event-founder Karen West -- said it drew people from several different states, but it brought in a whole “coven” from New Orleans.

“We appreciate everybody coming out,” West said. “I think everybody is here to have a great time — let’s eat, drink and be scary!”

The event grows bigger each year, but it started with a handful of friends dressing up in their best witchy-wear.

“My friends from Jackson all came down and we celebrated one of their birthdays -- it’s on (October) 30th,” West said. “We all dressed up like witches and we had so much fun, so we did it again the next year.

“Then Mickey Evans and Barb Fillingame got involved ... and that was a lot of fun, but all those things changed and I kind of took over.”

In 2019, West got Northington and Ning

Wiebmar involved, and they brought in the Old Town Merchants Association, making the event bigger than ever.

Winner of this year’s costume contest was Debbie Johnson Theall; first runner-up was Karen Schneller-Sinnett; second runner-up was Valorie Hart.

Later in the day, Century Hall hosted the “Best Hat Contest.” Sunnie (no last name given) won first place. The winner of the Best Makeup Contest at Portside Cafe was Mariann

Flag Retirement Program

Edmond Fahey Funeral Home works with local residents and the veterans services organizations to properly retire any U.S. flag that has reached the end of its service. Our program is designed to honor our national heroes, our military veterans, and to give dignity to our American Flag when it is no longer worthy of display. We strive to see that each veteran being cremated has a flag. There is no charge for this service to our veterans.

According to the United States code, Title 4, Chapter 1, Subsection 8: "The flag, when it is in such condition that it is no longer a fitting emblem for display, should be destroyed in a dignified way, preferably by burning."

If you would like to honor a deceased veteran by donating an aged or worn flag to be properly disposed of, you may do so by delivering the flags to our funeral home located on the corner of Necaise Avenue and Main Street.

"We pledge allegiance to the Flag of the United States of America and to the Republic for which it stands, one Nation under God, indivisible, with liberty and justice for all."

Why is it
the norm?

I’ve been dealing with laryngitis for a good while now.

Those who have seen me out in public and heard me speak are always urging me to see a doctor.

I’ve been once. However, the high out-of-pocket costs for the appointment and testing also coincided with the death of my car battery, so I haven’t been back yet.

It is better than it was and I’ve been trying to help it along by avoiding certain foods — because the doctor said mine was most likely caused by reflux — and trying to rest it as much as possible, which he also said is one of the best things for it.

It’s hard to rest my voice when part of my job requires talking to people and whatnot.

And it’s also very, very frustrating when some people, who are very aware of what’s going on with my voice, get aggravated with me for not speaking all the time.

I know I’ll get back to the doctor eventually, but it’s not that easy to plan for it.

It’s hard to budget for an appointment when you don’t know how much extra testing will be done.

It’s not like when you buy a car, for example. You have the exact price and then the exact monthly payments so you can budget accordingly for what you can afford.

And yes, I do have health insurance. I pay an exorbitant amount every month and I’m always wondering just how much good it really does me when I still can’t afford to go to the doctor when I need to.

I’m sure I’m not the only one.

And I know people will say, “well, it’s better than not having insurance.”

Is it though? Or is that just some line we have been fed to make us feel better about swallowing for-profit healthcare.

Because you know what? If you have to use the health insurance you pay so dearly for, the insurance companies will raise those rates because — wait for it — they had to pay claims. So, by doing what they are supposed to do, you are penalized because it affects their profits.

Plus, it also unfairly ostracizes those with chronic health illnesses who have to use the insurance more.

Hancock History: Pass Christian

Hancock County was formed in 1812. It had a larger footprint then, and also included the present-day territory of Harrison, Stone, and Pearl River Counties. Therefore, the early history of the town of Pass Christian is an interesting part of Hancock County history in that era between 1812 and 1841. However, our story begins on the barrier island, Cat Island.

Nicholas Christian Ladner (1727-1800) moved from Mobile to Cat Island in 1745 where he raised cattle. In 1758 he married Marianne Paquet (1742-1811) from New Orleans and they produced eleven children. One daughter married a Spanish soldier, Juan Cuevas (1762-1849). These settlers on Cat Island are the ancestors of many of the present-day inhabitants of Hancock and Harrison

Counties. Two channels in the Mississippi Sound, Pass Christian and Pass Marianne, are named after this first couple. The town of Pass Christian bears the same name as one of the aforementioned channels.

Francois Carriere was granted by Spain the entire peninsula in 1781 that contains present-day Pass Christian. It was inherited by his wife, Donna Julia Asmard de la Brosse who was known as the Widow Asmard. She had a large cattle farm and died in 1799. Her nearest neighbors lived in the DeLisle area and had family names of Nicaise, Moran, Saucier, Grelot, and Labat. This society would visit, and travel was accomplished mostly by small sailing vessels.

The Widow Asmard gave her personal slaves, Charles and Madelon Asmard, their freedom

and a gift of six hundred acres which was located in the present-day commercial Market Street district of the Pass. The rest of the peninsula (14,500 acres) was inherited by her nephew, Captain Bartholomew Pellerin. The Captain sold his holdings to Edward Livingston in 1814 for \$7,000. Charles Asmard promptly started selling one-arpent tracts (equals 0.84 acre) of his land to a varied group of local inhabitants, and this little fishing village began to take shape and grow into its present form.

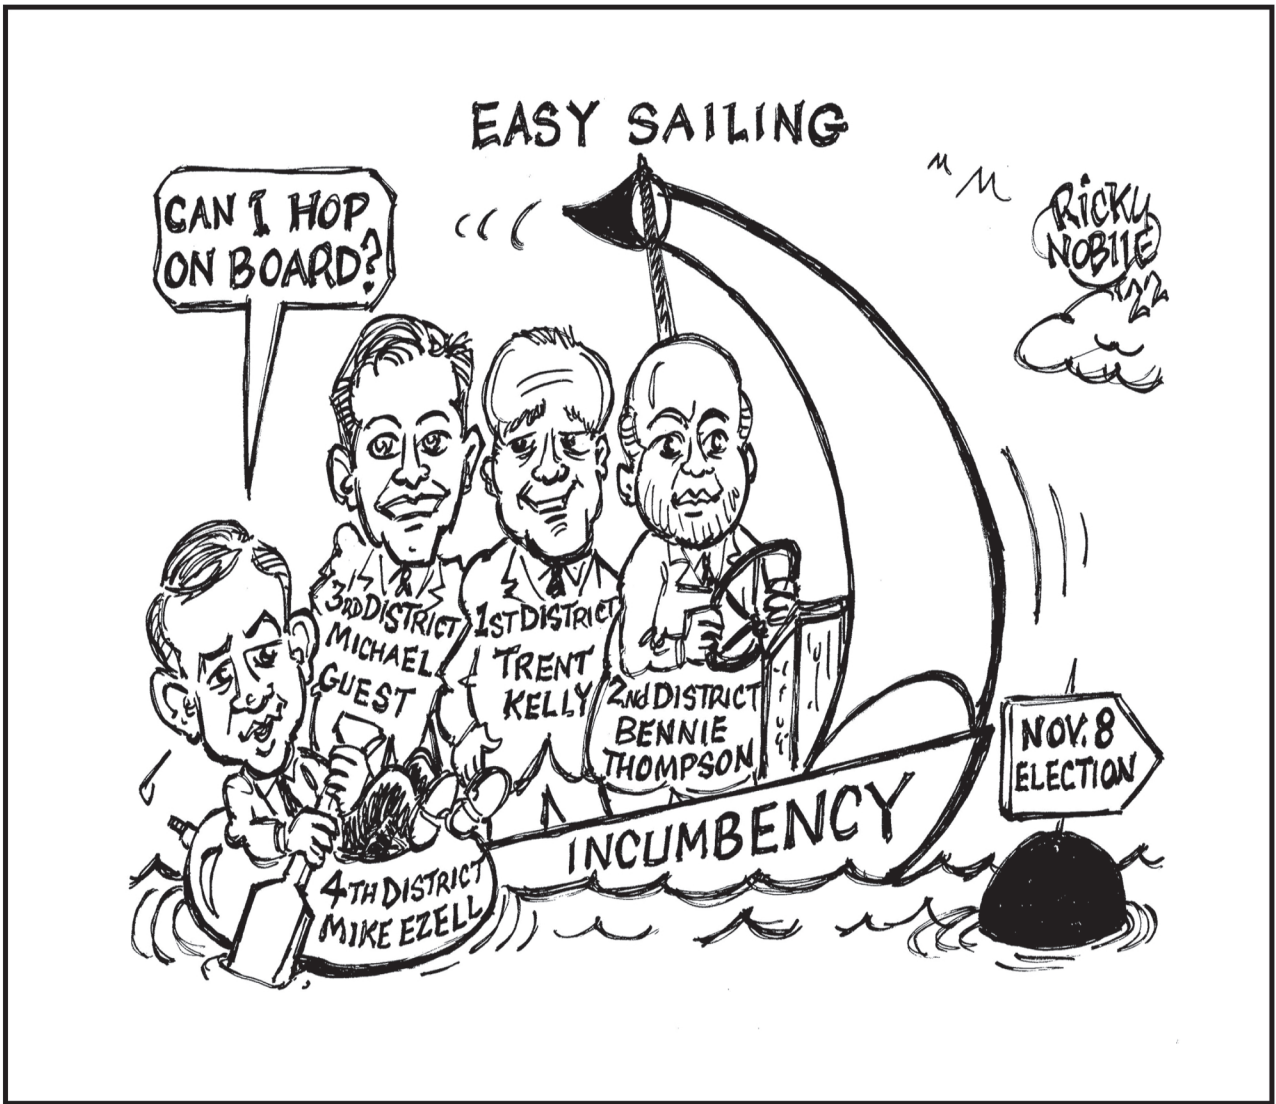

Two important byways that lead into the Pass were the Red Creek Road and the Old Pass Road. The ancient Indian Red Creek Trail (now Menge Avenue) was an important high ground trace that allowed farm-to-market transport of animals and wagons

from the northern hinterland that avoided crossing a major waterway such as the Wolf River. By the way, wolves were a big problem in these early days because they would eat livestock such as sheep. The east/west Indian trail, The Old Pass Road, connected the village to Biloxi. These ancient trails were

Keep Our City Beautiful

We have enjoyed living on Main St. for over 30 years. However, it has become very unpleasant.

Several times a week and always on weekends, I must remove trash from my front yard. Beer cans and bottles, go-boxes, wine and vodka bottles, and one dirty diaper.

Many residents of the 300 block have also found assorted trash items in their yards.

Residents of State, Demontluzin, Carroll & Court Streets have complained of the same problems.

People come to the Bay to eat, drink, fish, swim and they rent bicycles and golf carts to see the beautiful homes and gardens. This results in people buying homes here.

Citizens are proud of their homes and keep them maintained and attractive. We provide

the background canvas for the town and people don’t want to see homes with trash in yards.

I know the mayor is anti-litter and collects trash by churches on Sunday mornings, but that’s like closing the barn door after the horse has run into the next county.

There’s a better way

to attack the problem. Since we have become a hot tourist destination, residents shouldn’t have to suffer the adverse consequences of this increased attention.

We need a three-pronged approach. Contact the Chamber and Tourism Board to initiate a campaign to help. On all printed materials ask

people to enjoy the Bay but help us to keep the Bay beautiful and please don’t litter. Place articles in local papers about the Bay’s new anti-littering campaign.

Next, ask the police to focus a few Saturday nights to issue tickets. Word will get around. Lastly, erect signs prominently on roads and highways explaining laws about littering with costs of fines. We could then begin to curb the littering, keep our city beautiful, and demonstrate that we take pride in our wonderful town. I sent this letter to all council members and city leaders several weeks ago and received an answer from only Councilman Doug Seal. Thank you.

Appointments for the new bivalent COVID-19 booster shot are available for children 5 and older at all Mississippi State Department of Health (MSDH) county health department clinics.

Appointments can be made through covidvaccine.msdh.ms.gov or by calling the COVID-19 hotline at 877-978-6453.

The updated COVID-19 booster offers improved protection against both the original strain of COVID-19 and the Omicron variants that are currently causing most infections (BA.4 and BA.5).

The bivalent vaccine is available through both Pfizer and Moderna. Those 5 years of age and older may be eligible if:

- They are fully vaccinated with any previous primary vaccination series against COVID-19 (Pfizer, Moderna or Noravax two-shot regimen, or Johnson & Johnson/Janssen’s one-shot regimen),
- And, it has been at least two months since the last primary dose or booster dose of the vaccine.

first established as migratory pathways of the buffalo that inhabited this area and did not want to step into soft, wet ground where they would get stuck and perish.

The village of Pass Christian had grown by 1830 to approximately eight hundred souls and was a port and a trading center or marketplace. By the 1840’s it was not unusual on a given day to watch one thousand head of cattle pass through the village to be driven to New Orleans or Mobile. Fishermen and their boats clustered at the port. Sheep herders drove their stock to the market for shearing and sale of the wool product. These herders bought provisions

at Market Street before returning the animals to their farms. Other products such as naval stores and charcoal were exported to New Orleans by schooners. The owners of these sailing vessels made huge profits in this carrying trade along the coast. Wealthy planters from Louisiana, Mississippi, and Alabama built cottages along the shell beach road.

The Widow Livingston sold her vast tract/property to U.S. Senator John Henderson in 1836. He and his son, Elliot, developed the land with the objective of making the Pass a resort community. Henderson Point is named after John Henderson (1797-1857). Consequently, the population increased in the 1840’s. The town in 1838 secured its charter. Harrison County was formed in 1841 from land that was

originally part of Hancock County. Harrison County is named after General William Henry Harrison (1773-1841) who at that time was the ninth president of the United States.

The advent of the steamboat era along the Gulf Coast was around 1830. Regular transport of passengers and cargo was conducted at the Market Street Pier. The next two decades would see Pass Christian become the “Queen City of the Mississippi Gulf Coast.” The first hotel, the “Pass Christian” was built in 1831. Four more hotels were built soon thereafter. The early history of the Pass is a testament of the positive influence the annexation of this region in 1811 by the United States had on the economy of the several communities on the coast.

Grace Marie Puls Santa Cruz

Grace Marie (Puls) Santa Cruz, 84, departed this life peacefully on October 27th while surrounded by her adoring family and friends. Grace led a very humble and Christian filled servant life that focused on her family, church, gardening and friendships. She was born in New Orleans, LA on July 1, 1938, the daughter of Dr. Elmer E. Puls, (Dean at Southeastern Louisiana University), and Grace Mitchell Puls of Hammond, LA (predeceased). She is survived by husband of 65 years, Edgar W. “Woody” Santa Cruz, Jr., and also leaves behind two sons, Edgar W. Santa Cruz, III (Susan) of New Orleans, LA, John R. “Randy” Santa Cruz (Charlotte) of Bay St. Louis, MS, and daughter Elizabeth A. Santa Cruz of Beaumont, TX. That love of family became even larger as she was blessed with 8 grand-children; Paul Batman (Amy), Joel Batman (Haeley), Neal Batman (Abby), Katherine Santa Cruz Sheely (Scott), Dr. John R. Santa Cruz, Jr., Reid Santa Cruz, Mary Grace Santa Cruz and Ellie Santa Cruz; and 7 great-grandchildren that became a shining light in her last years of life. Grace is also survived by her sister, Mattie Patricia “Patty” Puls of Covington, LA and predeceased by her brother Dr. Elmer “Earl” Puls, Jr.(Jo

Ann M. Puls) of Baton Rouge, LA. While a student at Newcomb College in New Orleans, Grace met and married Woody, who was attending Tulane University. They spent several years raising their children in San Antonio and San Francisco before returning to her husband’s childhood home in Bay St. Louis, MS after Hurricane Camille hit in 1969. For the next 53 years they became embedded in the community where Grace served on Boards of the Junior Auxiliary, Bay-Waveland Yacht Club and Senior Warden of her beloved Christ Episcopal Church. She was instrumental in helping the church rebuild after Hurricane Katrina demolished the structure. Grace was employed as a licensed nursing home administrator for Gulf View Haven Nursing Home (formerly Hotel Reed) in Bay St. Louis, which was owned by the Santa Cruz family. Her final and favorite occupation was serving as the administrative secretary for the local Catholic girls school, Our Lady Academy “OLA”, where she was known as a mentor and friend to many young ladies. Grace had a gift and passion for gardening, something she learned from her father. When she couldn’t be found filling her home with warmth and kindness as an exceptional chef to gather family and friends, she was in her

garden growing the most fabulous flowers and vegetables that would rival any nursery or farm! She always found the good in others and supported their choices in life which was a beautiful character trait admired by all who knew and loved her. The name Grace alone describes the kindness, forgiveness and compassion she had for others, and all that is good in this world. Every life she touched has a story of how she made their lives better for being part of hers. Although life will never be the same for anyone who knew her, now that she’s gone we are forever blessed with her never ending grace in our lives! The family invites you to join them for a memorial service on Friday, November 4th, at Christ Episcopal Church, 912 S. Beach Blvd, Bay St. Louis, MS. Visitation will be in the church from 12:30-1:30, Service at 1:30-2:30. Reception immediately following in the church hall, where she spent many years serving others. Memorials in her honor may be made to her beloved Christ Episcopal Church.

MDOT reminds drivers to slow down and watch for pedestrians

SEA COAST ECHO

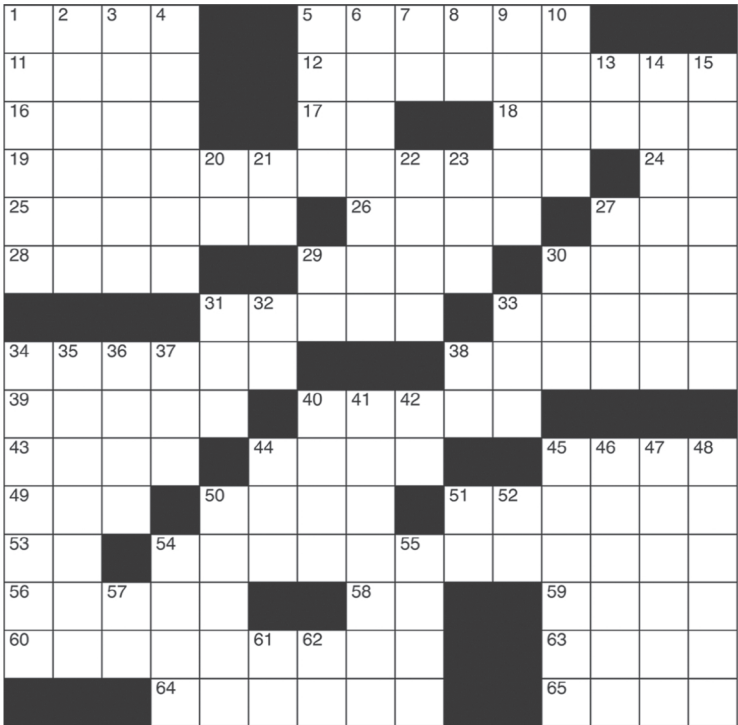

With an increasing number of traffic crashes involving a pedestrian, the Mississippi Department of Transportation (MDOT) is reminding drivers of the importance of slowing down and watching out for pedestrians. A pedestrian is any person on foot, walking, running, jogging, hiking, sitting, or lying down. According to the National Highway Traffic Safety Administration (NHTSA), in 2020 there were 6,516 pedestrians killed in traffic crashes in the United States. That’s 18 pedestrians a day and 125 pedestrians a week. On average, a pedestrian was killed every 81 minutes in a traffic crash. This is a 3.9% increase from 2019. Mississippi had the third highest pedestrian fatality rate per 100,000 population. “Pedestrian related crashes are on the rise not only in Mississippi, but across the country. It’s crucial for drivers to stay vigilant when behind the wheel because pedestrians are vulnerable,” said Brad White, MDOT Executive Director. “And with Halloween and daylight savings quickly approaching, we want to remind drivers to slow down and watch out for pedestrians.” NHTSA reported that in 2020, 77% of fatal pedestrian involved crashes happened after sunset. Studies done by Active Transportation Alliance show that slowing down can decrease the risk and severity of a pedestrian involved crash, regardless of the time of day. A person hit by a vehicle traveling at 20 mph has a 90% survival rate but has only a 10% survival rate if the driver is traveling 40 mph. Below are some tips for drivers:

Watch for pedestrians everywhere. Pedestrians may not be walking where they should be or may be hard to see

especially when visibility is lower, including dusk, dawn, night and poor weather. Always stop for pedestrians in the crosswalk or where pedestrian crosswalk signs are posted. Be prepared to stop when turning or otherwise entering a crosswalk. Never drive under the influence of alcohol and/or drugs. Follow the speed limit and slow down around pedestrians. Stay focused and slow down where children may be present, like school zones and neighborhoods. Below are tips for pedestrians: Never attempt to cross an interstate. Walk on a sidewalk or path when one is available. If no sidewalk or path is available, walk on the shoulder, facing traffic. Stay alert; don’t be distracted by electronic devices, including smart phones, audio players or other devices that take your eyes and ears off the road. Be cautious night and day when sharing the road with vehicles. Never assume a driver sees you. Make eye contact with drivers as they approach. Be predictable. Cross streets at crosswalks or intersections when possible. This is where drivers expect pedestrians. If a crosswalk or intersection is not available, locate a well-lit area, wait for a gap in traffic that allows you enough time to cross safely, and continue to watch for traffic as you cross. Be visible. Wear bright clothing during the day and wear reflective materials or use a flashlight at night. For more information on pedestrian safety visit GoMDOT.com or follow @MississippiDOT on Facebook, Instagram and Twitter.

Foundational Living

By **REV. C. GERALD RICHARDSON, D. MIN**

C. GERALD RICHARDSON, D. MIN.

Many people have suggested that “The Sermon on the Mount”, which is found in chapters 5, 6, and 7 of the Gospel of Matthew, is the greatest collection of teachings in the bible. It would be hard to dispute that evaluation. The author of the gospel, written sometime in the late first century, C.E., sets the collection of

important sayings of Jesus in the form of a sermon delivered on the side of a mountain. It is not likely that this was an actual event, although it may have been representative of many events which took place on multiple occasions in the ministry of Jesus.

The sermon concludes with a profound illustration of the way that life should be lived. He likens it to building a house. The foundation of the house is the ultimate determinate of how sturdy and enduring the house will be. If the building is on a solid foundation the house has a good chance of standing against the storms which may come. If, on the other hand, the house is built on a flimsy and weak foundation, there is a good chance that when the winds and floods come the

house may not stand.

Regardless of the religious background or doctrinal preferences which one may hold, this truth is one to be considered seriously.

Most of the encounters in our lives are relational in nature. The way we treat others, the way we think about them, the way we insist on justice toward them, the way we love them, represent the substance of a foundation for healthy living.

Of course, the question always is, “what does this mean?”. Too often we equate treating people with respect as the same as always agreeing with them or encouraging them in false or inappropriate assumptions. That is not in keeping with the meaning or the intent of the text.

As with most great teachers

throughout history, interaction with others is key to the process. Jesus did not try to silence his inquirers. On the contrary he often listened to them, engaged them, and allowed them to learn and grow through the interactive process. Yes, he sometimes chastened them, or even seemed to scold them, but always in the context of loving interest and concern. He wanted them to not only learn rules, but to be transformed in their thinking.

Our current culture could use a good dose of this practice. We live in a world, and in a time, of frequent disagreement on many issues. It would helpful, and downright refreshing, if we could learn to speak respectfully with each other, hear the other person’s point of view, ask them to hear our

own, and look for ways to find ground upon which we might meet and build a future. Of course, such encounters require a willingness to engage in appropriate ways. If I, as a lay person in the field of chemistry, insist on contending with a trained chemist regarding a formula, then I am not being reasonable. At the same time, the chemist should respect my humanity and offer to teach me with love and concern rather than put me down or dismiss me for my ignorance.

What a difference it could make in our world if we would strive to build our lives and relationships on the solid foundation of mutual respect rather than attempting to lay “zingers” on each other. It is something to think about.

PUBLIC NOTICE OF APPLICATION FOR COASTAL WETLANDS PERMIT AND WATER QUALITY CERTIFICATION
The Mississippi Department of Environmental Quality (MDEQ) has filed an application with the Department of Marine Resources requesting permission to conduct regulated activities under the provision of the Coastal Wetlands Protection Act, Title 49, Chapter 27, Mississippi Code of 1972.
The MDEQ is proposing to construct three types of reefs for the West Hancock County Habitat Project that will restore nearshore habitats for secondary producers, invertebrates, fishes, and oysters. The proposed project location is in Coastal Wetlands in West Hancock County in an area extending from approximately one mile northeast of the Silver Slipper Casino Hotel's eastern boundary to approximately one mile northeast of Buccaneer State Park's eastern boundary. The proposed project will include the following: 1) Subtidal Manufactured Material Reef - Up to 2.0 acres consisting of a central 18-inch x 20-inch layout and surrounded by four 12-inch x 18-inch layouts. The total height would be up to 24 inches and would provide a minimum clearance of 2 feet at Mean Lower Low Water (MLLW). This reef type will have a culch density of approximately 3,500 cubic yards/acre.
2) Nearshore Subtidal Reef - Up to 1.5 acres with a variable, undulating profile, ranging from 0 inches to 12 inches in height and constructed of 1-inch x 4-inch limestone. This reef type will have a culch density of approximately 1,613 cubic yards/acre.
3) Subtidal Oyster Reef - Up to 100 acres with a variable, undulating profile, ranging from 0 inches to 18 inches in height and constructed of 1-inch x 4-inch limestone. The total height of each section of reef would be up to 18 inches and would provide a minimum clearance of 2 feet at Mean Lower Low Water (MLLW). This reef type will have a culch density of approximately 2,426 cubic yards/acre.
The applicant is requesting a variance from Mississippi Admin. Code Title 22, Part 23, Chapter 8, Section 114.01 which states, "Permanent filling of coastal wetlands below the mean high tide line because of potential adverse and cumulative environmental impacts is not authorized." The purpose and goals of the Gulf Coast Music Teachers Association are to further the art of music, and to promote fraternity, growth, and professional develop-

ment of its members by providing programs that encourage and support teaching, performance, composition, and research in music. I don’t believe that healthcare should be for profit.

I can hear the whining now about the universal healthcare and handouts, blah, blah, blah.

It’s probably coming from the same people who just celebrated “Hand-out-ween,” right? The holiday where children are encouraged to knock on strangers’ doors asking for candy they neither paid or worked for.

Or the same people who organize fundraisers for someone’s medical bills. Do they not even realize how asinine they look? They publicly disavow and vote against anything that would help people gain access to healthcare, but are the first ones to draw a pretty flyer for someone in need. No, you don’t look like a hero. You look like an attention hog.

It doesn’t make you a good person if you only want to help someone you know or someone you deem worthy of adequate healthcare. That’s not what Jesus would do.

People have been spoon-fed drivel for so long that they don’t believe people should have the right to access affordable healthcare. I, like many, many others, work a full-time job and still can’t manage it all.

Yes, some will beat their chest and proclaim how hard they’ve worked and how many hours they spent away from their friends and family to be able to barely pay for their overpriced piece of real estate, healthcare, etc.

It’s not really the flex one might think it is.

Some also defend these multi-billion dollar companies and people who — although they rake in record profits — can’t pay their employees a livable wage or pass savings on to the customers.

Again, pointing out their alleged “hard work ethic” — or being born into family money or some good old nepotism as I call it — isn’t the flex one thinks it is, either.

In my opinion, it’s playing right into the billionaires’ or politicians’ hand. Keep us fighting and looking down on each other while they get uber-rich off our backs.

In Orwell’s “1984,” there is something called “Hate Week.” It is basically an event designed to make the population hate the “enemy” of the party in charge.

Do we not see this all the time? When it comes to the poor, certain ethnicities, people’s sexual preference, etc.

It’s like we’ve learned nothing at all from Orwell’s dystopian nightmare. Because people just lap up that hatred and panic. I mean, think back to the “Satanic Panic” era. I recently watched a couple of documentaries about that and, boy, I honestly don’t have anything nice to say about the people who bought into that.

Hatred and panic continue to get inept people elected to public office, by duping people into believing that certain groups are evil and taking something away from them.

As I’ve said before, I would much rather see my tax dollars go towards something like

healthcare that would benefit the greater good.

Maybe, one day, if enough people will stop being pawns of the rich and politically-connected, things will change.

Hopefully, if I take better care of myself, my laryngitis will clear up. And I shouldn’t have to consider loans to pay for my healthcare, especially when I pay a pretty price for insurance. And, I also cannot control the fates of my lineage. There is a history of heart disease, strokes, diabetes, kidney failure, etc. in my family. So, whether I like it or not, I might become stricken with one of these illnesses and then have to look at the costs of medicines that will keep my illness in check.

For instance, I often wonder how people who have had transplants like my dad are able to afford the litany of life-saving daily medications that keep their bodies from rejecting the transplanted organs. Then there are also senior citizens who live on fixed incomes and sometimes have to choose between food and medication.

When people like to tout how “great” things are, I severely disagree.

And yes, I’m allowed to think things are not “great.” Please don’t even bring up all the comparisons to other places. It’s just deflection. We should be concerned about making things better here.

Questioning things is how we can enact change, not just blindly following the happiest of narratives.

It would be really great to not have to host fundraisers for people’s medical bills. Why have we

just accepted that as the norm, living in a place where fundraisers are quickly becoming the dominant form of health insurance?

I know, those fundraising hosts want the pats on the back, those civic organizations need some group kept down to help boost their outreach numbers, and those millionaires need to keep on making money.

And people just let it slide, because they just seem to be so programmed that they can’t see that they might be getting a bad deal.

“Somehow it seemed as though the farm had grown richer without making the animals themselves any richer — except, of course, for the pigs and the dogs,” George Orwell, “Animal Farm.”

This handsome , 2 to 3 year old Mixed Breed is oh so sweet. He has a goofy, relaxed, adoring personality that will win you over. He is all about pleasing the people in his life, and appears to know some basic commands. He walks easily on a leash, does not jump, and has very gentlemanly manners. Some of our volunteers took Jack out for a day of fun and one-on-one time, and he had a blast! He enjoyed his ride in the car, and was very "low key" throughout his adventures. Rocks fall to Jaguars 12-7

Saint Stanislaus running back Kyle Stegall (#15) turns the corner on one of his runs against Jefferson Davis County Friday night. Stegall carried the ball 12 times for 79 yards and a touchdown in the Rocks' 12-7 loss to the Jaguars.

BY JOSEPH W. GEX, II
STAFF WRITER

The Saint Stanislaus Rock-A-Chaws took to the field ‘between the walls’ Friday night with the hope of a Division 8-3A championship. The

Rocks (6-4, 3-1) fell to the Jaguars of Jefferson Davis County (7-3, 4-0) 12-7. While the ultimate goal was not in the cards Friday night, the Rocks did maintain home field advantage for the first round of the Class 3A

state playoffs next week. While the Jaguars are the three-time defending state champions, the game proved to be a defensive battle. Both teams kept each other out of the endzone for the entire first quar-

ter. As the clock expired, the Jaguars put the ball on the ground and it was recovered by Spencer Cornell at the Jaguar 46 yard line.

Chandler Chapman ripped off a 16-yard run that was followed by a 30-yard scoring run by Kyle Stegall with 11:11 left in the first half. Evan Noel converted the PAT to make the score 7-0.

The Jaguars answered on the ensuing drive with a 35-yard scoring toss with 7:41 left before halftime. The PAT missed leaving the score 7-6.

After intermission, the Jaguars found the endzone on their first drive of the half going 80 yards in 10 plays culminating with a 33-yard halfback pass for a touchdown with 6:04 left in the third quarter. The two-point conversion was snuffed out by Stegall leaving the score 12-7.

The Rocks were intercepted on the next drive but the defense held firm on the next two possessions setting the stage for a frenetic final 3:32 on the clock.

The Rocks took over at their own 23 yard line and moved the ball to the Jaguar 40 yard line. On a last ditch effort, the Rocks were intercepted at the Jaguar 30 yard line ending hope for the division title.

SSC head coach Nate Encrapera commented, “The result of the game never comes down to the final play. We had a few opportunities but could not take advantage of the situation and they did one time more than we did. The growth of this team since the D’Iberville game showed how we created an identity of a physical football team and one that takes care of responsibility. That is a testament to these players and coaching

staff and all the work they have put in. Now, we have guaranteed ourselves one more game with Port Gibson in the playoffs. We have to be able to forget this one and focus on Port Gibson. We have to get to work preparing for a physical matchup.”

The Rocks were led by Chandler Chapman with 15 carries for 90 yards and Stegall with 12 carries for 79 yards and a touchdown. On defense, SSC was led by Spencer Cornell and Jacob Bradford with 10 tackles each.

The Rocks are set to host the Port Gibson Blue Waves on Friday ‘between the walls’ for the first round of the Class 3A state playoffs. Last week, Port Gibson fell to Tylertown 23-0. This will be the first meeting between the two school on the gridiron. Kickoff is set for 7 p.m.

Basketball takes to the courts

The 2022-23 high school basketball campaign took to the courts this past weekend. On Saturday, October 29, the courts were alive all over the Gulf Coast despite the nasty weather outside that cancelled area soccer games on Saturday.

BAY HIGH TIGERS

The Lady Tigers (1-0) won their season opener on Saturday 20-15 over West Harrison in the Gulfport Tipoff Classic. The Lady Tigers led at halftime 11-9. Kiara Burney led the charge with 6 points while Emmalee Coote, Tanyah Lewis, and Kelis Vickers all with 4 points.

Bay High head coach Kelton Thompson commented, “We are a young team and did not play a senior today. West Harrison’s zone gave us problems along with their size. It jammed things up for us.

Hawks fall to Biloxi, but assured a play-off berth

BY DWAYNE BREMER
CONTRIBUTING WRITER

The Hancock Hawks on Friday earned a spot in the playoffs despite losing 41-20 to the Biloxi Indians.

The Hawks qualified for the playoffs because of a D’Iberville victory over Harrison Central. With one game remaining, the Hawks can finish no worse than 3-4 in Region 4-6A.

Harrison Central and D’Iberville could also finish 3-4, but the Hawks beat both teams and thus hold the tie-breaker.

“I’m happy for the kids, they earned this,” head Coach Neil Lollar said Friday. “We wanted to win tonight, but we will get back to work and the kids can hopefully enjoy senior week next week.”

Friday’s game was a back-and-forth affair, with both teams

combining for 46 points.

Biloxi opened the scoring on a 20-yard pass to Duran Paris.

Hancock answered with a two-yard run by Zach Gullung.

The point-after was blocked, and the Indians led 7-6.

Hancock then struck quickly to take the lead when Dylan Moran hit Neil Acker on a 57-yard strike. The point-after gave the Hawks a 13-7 lead.

Biloxi wasted little time in recapturing the lead as Duran hauled in a 56-yard touchdown pass three plays later. The point-after failed, but the Indians tied the score at 13-13.

Biloxi then scored to make the score 20-13

Hancock regained the lead with 1:33 to play in the half when Moran scored on a six-yard run.

Biloxi answered with a nice

two-minute drill to score with just seconds remaining on a Kevin Norwood throw. The point-after failed, but the Indians led 26-20.

The second half was filled with bad luck for the Hawks.

Already missing two starters due to injury, quarterback Moran and Gullung got injured. Both injuries were considered minor, Lollar said.

The Indians added two late scores to round out the scoring 41-20.

The Hawks will finish the regular season Friday against the Pascagoula Panthers

They then will travel to Brandon or Warren Central for the first round of the playoffs

The Hawks host Pascagoula next week. Their playoff opponent has yet to be determined.

The Bay High Tigers ended a rough football season on Friday night with a complete shut-out on the road, losing 35-0

to the Stone High Tomcats at Wiggins. Stone claimed No. 1 in the district. The game started with high energy on both sides. Stone won the coin toss and elected to re-

ceive at kickoff. Stone’s K.J. Galloway caught the kick and ran it down to the 40-yard-line. The referees called a block in the back on Stone, which negated yardage to the 30-yard-line.

Jayden Collins picked up about 12 yards on the play, bringing it back to midfield, and secured the first first down of the night. Shortly after, Stone drew first blood. Connor Tice threw a major pass to Andrew Bradford, who ran into the end zone. The extra point was good. On Bay’s first drive, the kick was recovered by Stone at their 10-yard line. After some penalties going back and forth, the Tomcats drove the ball downfield. Chasden Collins took a turn securing a touchdown, but the extra point was blocked. With Bay High in possession, Stone held them to the 36-yard-line on the fourth down to elect a Tiger punt. Tice ran ahead on the first play and secured a first down to the five-

yard-line from the 30. From there, Bradford ran in another quick touchdown. Stone secured the TD and a solid extra point with three minutes and 50 seconds left in the first quarter. Back in Bay’s hands, the Tigers couldn’t move the ball past the 45-yard-line against the Tomcat defense. Once again, the Tigers were forced into punt formation for the fourth down with three minutes and 23 seconds left in the first quarter. The Tomcats answered the punt and returned it to the 32-yard-line in Tiger territory. Daylon Collins picked up seven yards on the play but can’t make it count. With Bay in possession, the Stone defense held them inside their 30-yard-line as the buzzer signaled the end of the first quarter.

At the start of the second quarter, Stone led 20-0. Connor Tice ran the ball to the 10-yard-line of the red zone, but was pulled out of bounds with a horse collar grab, netting a penalty for BAY. The Tomcats got halfway to the goal’s distance, then Daylon Collins ran in a touchdown and secured a two-point conversion by De’Andre Smith. In the next drive, Stone’s Matthew Cantrelle intercepted on Bay’s third down. Daylon Collins ran into the end zone on the next play, and the extra point put Stone’s lead to 35-0, where it stayed. Bay and Stone duked it out at midfield for the remainder of the game, with Stone’s junior varsity players getting some field time. The Tigers ended the season at 2-7 and 0-4 in District play.

Shore Thing: Senner’s and Saints

Shore Thing
Fishing Report
By Cpt. Sonny Schindler

Karl Senner has spent plenty of time on the water. Big ships and their transmissions is what his family business is all about. Through work and play, he’s got plenty of sea time. He’s always got great stories about the stuff his company is working on, and he’s just a fun dude to have on the boat.

We had ourselves a

great trip a few months ago. Karl requested for a short run, and what ever is biting best. This day was for the kiddos. He brought his son Lil Karl , his pal Alec and Alec’s son William. Luckily, the seas were calm, and the trout were in close. The nearshore reefs out of Bayou Caddy were pretty fantastic on the trout this past summer. It was

plenty of action. We tagging more than we keeping, but we definitely had dinner covered at the first stop. The dads helped boys hook the fish, and I kept the baits on the hooks. I always give credit to the parents when the make the day about the kids. At some of the stops we made, had the Dads been fish-

ing, it would have been an all out trout massacre. As the day went on, the temperature and the trout bite got hotter and hotter. It takes a lot of self control for a grown man to pass up an every cast trout bite. My hat goes off to Karl and Alec for putting their sons first. That investment will pay off big time down the road. Towards the last

couple stops, Lil Karl and William were slinging trout over the side just about every cast. As the heat finally wore the youngsters down, the dads put a few fish in the box before it was time to call it a day. It was a near perfect day with the Senner’s and Saints.

But, stepping back and looking at this game, it was our first game. I was proud of our effort today. We will continue to improve.” The Tigers (1-0) also won their season opener against West Harrison although it was in dramatic fashion. “I’m just trying to make sure that everybody that’s out here on the streets that are beating the ground making sure the children in the community are taken care of,” he said.

Without the help from members of the above groups, Joseph said, he wouldn’t have been able to pull the event off by himself.

“Retrofit was checking the people in on the beach,” he said. “Gulfside took care of the landing pad and finding the vendors. Helping Hands played a part in getting the shirts together. There was a lot of people that helped from all over to make it what it was.”

Joseph said he wants community members to know that there are local organizations available to help in times of need.
